A Song To Sing

July 2021

## *Kenny's Journal—*

Singing to the Lord is so important because it opens your heart to Him. When I was a young boy, my mother and daddy taught me to sing from my heart. Every time we would sing as a family (Mother, Daddy, Cherry, Dee, and I), we were taught to open our heart to Jesus. When we came to know Him as Savior, our singing became even more personal.

As you know, I love to sing, but the feeling is much deeper when you experience a unity with the Lord. You may say that it is much deeper than feeling and it is. As each of us have received the Baptism of Holy Spirit, the song has become a worship in Spirit and Truth, including an emotional touch from the Lord. My wife, Kim, and Kevin and Kyle, our sons, are all worshipers who love to sing to the Lord. They write songs, as well. We each have our expression of worship to Jesus! The song goes on through our family.

Our family opens its arms to include other families, as well. We have been long-time friends with the Cohen family. John Hobbs and I ministered at the home-going celebration of Connie, an excellent Pastor we connected with in the early days of KDM. Even his children, Jack & Jill, sang with their Praise Team during this time of sorrow. All of us present experienced such a sweet time of worship together as we expressed our love for Jesus and our love for Connie. The special song I shared was *To God Be The Glory* by Andrae Crouch, a wonderful testimony of Connie's life and ministry. Jack shared Connie's story so beautifully, and we even saw a video clip of Connie preaching. What a special time remembering and honoring our friend! Connie's wife, Joann had passed away just a few months prior. We loved them both so much!

The virus closed some doors for a while, but I am now traveling again. John Hobbs and I were blessed to go to East Stone Gap UMC as churches began to open up following corona virus shut downs. How wonderful to worship with these precious people, expressing our love to Jesus and to one another. What an awesome way to celebrate Palm Sunday, remembering how Jesus was worshiped as He rode into Jerusalem. There was a true unity in Holy Spirit. We love you all!

Upcoming: July 30-August 1 Keystone CFO  
(Saturday) at Zion Church, Friday night and Sunday  
-Zion Church, Millersville, PA  
August 8 Slaughter Neck UMC, Milford, DE AM;  
Carey's Camp, Millsboro, DE PM  
Sept. 11, 12 KDM Retreat, Yeshua's Vineyard  
Sept. 26-29 The Healing Center at Orkney Springs,  
VA

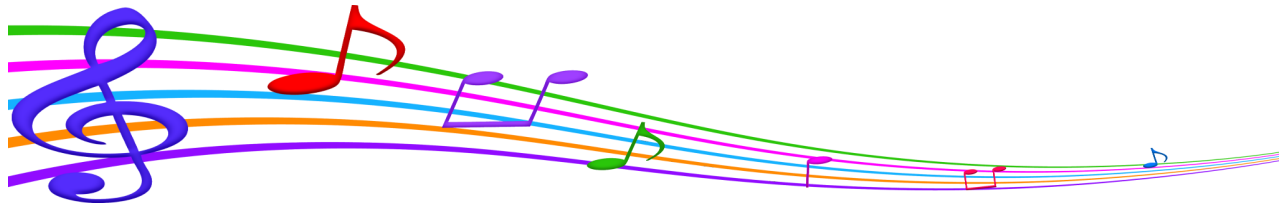

Kim and I took part in the reading of the Bible over our city at Harris Teeter parking lot on the day before the National Day of Prayer. What a blessed time! The Bible was being read at other locations throughout the city, as well. Joy! Joy! Joy!

I worshiped with an awesome group of men at the MMU Men's Retreat at Emmanuel Camp, Liberty Christian Fellowship, Kill Devil Hills, NC. I love to hear men sing to the Lord together! God touched all of our hearts and we came away refreshed and challenged to be the men we know God created us to be. I also got to lead worship at Liberty Christian Fellowship with Justin Williamson and the Praise Team God put together. We definitely had a song to sing!

I was blessed to sing and worship in the Adirondack CFO in Greenwich, NY. John Hobbs was a speaker for the camp, along with Bill Woodsen. I was so nervous knowing I was leading worship with band members from the area. But, true to form, it turned out wonderful and I enjoyed every moment of the practices and worship times! I love the people at this camp. I especially remember the fun and laughter we experienced together during the wonderful meditation times each morning. One morning we were led by a young teen, Jessie, as he read from the Word with authority. Devotion in Motion, led by Lisa, was so heart-wrenching every time. Do you want to go deeper? The call to go deeper rang through the messages of John and Bill, too. Deep cries out! I loved the creative time and the prayer times. Our prayer group was a group of men. Do you want to go deeper? One other thing stands out to me—I had a word of prophecy spoken over me: “Get ready for increase.” I have begun to see this fulfilled immediately in so many ways and it is stretching me to learn to do new things. Let's go God! I want to go deeper! It is more than a song. It involves getting ready for the song and living it out.

All this time we have been keeping worship going at the cabin at Yeshua's Vineyard. We never know what to expect. We just meet and worship Jesus! This past Sunday, my sisters Cherry and Dee joined us to minister in song. We sang and played music my family sang as I was growing up. What a joy! The song goes on! Yea God! I love to sing the song everywhere I go! We are going to keep singing the song as long as we can and we know God is carrying it on through our children and our children's children. We are blessed!
